## OBJECTIVE

---

Skilled Web Developer with expertise in designing and deploying responsive web applications using React.js, Node.js, and MongoDB. Proficient in building and optimizing RESTful APIs for performance and scalability. Experienced with cross-browser compatibility and version control using Git. Familiar with collaborative workflows on GitHub, including branching, merging, and pull request management.

## EDUCATION

---

|   |             |
|---|-------------|
| <b>Bachelor of Technology</b> , SR Institute of Management and Technology | 2021 - 2025 |
| Computer Science and Engineering : 7.8 CGPA                               |             |
| <b>Intermediate</b> , St. Mary's Inter College , Etawah                   | 2020 - 2021 |
| Grade - 82 Percentage   |             |
| <b>High School</b> , St. Mary's Inter College , Etawah                    | 2018 - 2019 |
| Grade - 88 Percentage   |             |

## SKILLS

---

**Frontend Development:** React.js, Redux, Responsive Web Design  
**Backend Development:** RESTful APIs, MongoDB, Express.js, Node.js  
**Tools and Technologies:** Git, GitHub, Agile Methodologies  
**Database Management:** Schema Design, Indexing, Database Optimization  
**Performance Optimization:** Code Splitting, Lazy Loading, Cross-Browser Compatibility  
**Cloud and DevOps:** AWS (EC2, S3, Lambda), Docker, Kubernetes, CI/CD, Cloud Storage.

## EXPERIENCE

---

|                                 |                        |
|---------------------------------|------------------------|
| <b>Full Stack Web Developer</b> | October 2024 - Present |
| MZONE Health Pvt. Ltd           |                        |

- Developed scalable backend systems using Node.js, ensuring performance and reliability.
- Optimized MongoDB schemas and implemented database indexing for improved efficiency.
- Designed and integrated RESTful APIs to enhance data flow and system functionality.
- Collaborated in Agile teams to streamline deployment and ensure project alignment.
- Built responsive user interfaces using React.js, ensuring seamless cross-browser compatibility.

|                           |                     |
|---------------------------|---------------------|
| <b>Frontend Developer</b> | Jul 2024 - Oct 2024 |
| MZONE Health Pvt. Ltd     |                     |

- Built responsive user interfaces using React.js, ensuring seamless cross-browser compatibility
- Implemented state management solutions with Redux, enhancing application performance and scalability.
- Collaborated with UX/UI designers to create engaging, user-friendly web applications aligned with client requirements.

## PROJECTS

---

**Backend Development for Investment Platform.** Developed and optimized RESTful APIs supporting functionalities such as user authentication, portfolio tracking, and transaction management. Integrated third-party APIs for real-time market data, ensuring that users always had access to up-to-date financial information.

## CERTIFICATES

---

- IBM – Data Analysis with Python
- IBM – Data Science with Python
- Accenture – Data Analytics and Visualization
- AWS – Certified Solution Architect
- Goldman Sachs – Certified Software Engineer

## POSITION OF RESPONSIBILITY

---

- **Cloud Computing Seminar:** Organized an institute level seminar at SR Institute of Management and Technology. Responsible for seamless technical connectivity and managing 100+ participants.
- **Workshop Coordinator** – Conducted hands-on sessions on Git, GitHub, and basic web development for 100+ students. Initiated and managed a technical webinar series for the coding club, featuring industry speakers.
